APEX DEFENDER SHIELD

TACTICAL COVERAGE | MANEUVERABLE PROFILE

FRONT | BLACK | 8 × 4.5-IN. VIEWPORT

REAR | FIXED TRI-HANDLE SYSTEM

NIJ IIIA 11 LB | NIJ III 21 LB
20 × 30 IN. | VIEWPORT 8 × 4.5 IN.

TACTICAL ENTRY | TEAM MOVEMENT
PATROL RESPONSE | OFFICER RESCUE

BALANCED COVERAGE FOR MANEUVERABLE ENTRY

Maneuverable protection designed for tactical entry and coordinated movement. The 20 × 30-inch profile and 8 × 4.5-inch viewport balance ballistic coverage, visibility and handheld control for patrol response, team movement and officer-rescue operations.

HANDHELD CONTROL SYSTEM

A fixed triangular handle, high-density foam forearm pad and operator-releasable retention strap provide secure handheld control. The hook-and-loop strap anchor permits deliberate release if shield control is compromised.

CONFIGURATION

STANDARD

BLACK OR OD GREEN
FIXED TRIANGULAR HANDLE
FOREARM PAD
OPERATOR-RELEASABLE STRAP

AVAILABLE OPTIONS

1000+ LUMEN LIGHT
CARRY BAG

MADE IN THE USA | SINCE 1998 | 10-YEAR LIMITED WARRANTY
