# FIRST RESPONDER 2 SHIELD

EXPANDED COVERAGE | WIDE VIEW

FRONT | BLACK | AGENCY IDENTIFICATION

REAR | FIXED TRI-HANDLE SYSTEM

**NIJ IIIA 15 LB**
19 × 32 IN. | VIEWPORT 10 × 4.5 IN.

ENTRY OPERATIONS | OFFICER RESCUE
ACTIVE-THREAT RESPONSE | CONTROLLED MOVEMENT

## WIDER VIEW FOR EXPANDED RESPONSE COVERAGE

A larger viewport-equipped shield for officers who need added torso coverage without moving to a full-height platform. Its 19-by-32-inch profile and 10-inch-wide viewport support entry operations, officer rescue and active-threat response while remaining maneuverable through corridors and doorways.

### HANDHELD CONTROL SYSTEM

A fixed triangular handle, high-density foam forearm pad and operator-releasable retention strap provide secure handheld control. The hook-and-loop strap anchor permits deliberate release if shield control is compromised.

## CONFIGURATION

STANDARD

**BLACK OR OD GREEN**
FIXED TRIANGULAR HANDLE
FOREARM PAD
OPERATOR-RELEASABLE STRAP

AVAILABLE OPTIONS

**1000+ LUMEN LIGHT**
