ROBO 2 SHIELD

COMPACT COVERAGE | CONTROLLED RESPONSE

FRONT | BLACK | AGENCY IDENTIFICATION

REAR | FIXED TRI-HANDLE SYSTEM

NIJ IIIA 15.5 LB | NIJ III 24 LB
18 × 34 IN. | VIEWPORT 8 × 4.5 IN.

TACTICAL ENTRY | OFFICER RESCUE
ACTIVE-THREAT RESPONSE | TEAM MOVEMENT

COMPACT TACTICAL COVERAGE WITH A CLEAR VIEW

A compact viewport-equipped shield for tactical entry, officer rescue and active-threat response. Its 18-by-34-inch profile balances torso coverage with maneuverability, supporting controlled movement through corridors, doorways and confined interiors.

HANDHELD CONTROL SYSTEM

A fixed triangular handle, high-density foam forearm pad and operator-releasable retention strap provide secure handheld control. The hook-and-loop strap anchor permits deliberate release if shield control is compromised.

CONFIGURATION

STANDARD

BLACK OR OD GREEN
FIXED TRIANGULAR HANDLE
FOREARM PAD
OPERATOR-RELEASABLE STRAP

AVAILABLE OPTIONS

1000+ LUMEN LIGHT
CARRY BAG

MADE IN THE USA | SINCE 1998 | 10-YEAR LIMITED WARRANTY
