20×36 IN. | VIEWPORT 10 × 4.5 IN.

REAR | FIXED TRI-HANDLE SYSTEM

SWAT | TACTICAL ENTRY | HIGH-RISK WARRANTS
TEAM MOVEMENT | OFFICER RESCUE

SWAT-FOCUSED COVERAGE FOR HIGH-RISK ENTRY

A full-coverage, wide-viewport shield developed for coordinated SWAT entry, high-risk warrant service and team movement. Its 20-by-36-inch profile provides extended torso coverage while remaining maneuverable through corridors, doorways and confined interiors.

HANDHELD CONTROL SYSTEM

A fixed triangular handle, high-density foam forearm pad and operator-releasable retention strap provide secure handheld control. The hook-and-loop strap anchor permits deliberate release if shield control is compromised.

CONFIGURATION

STANDARD

BLACK OR OD GREEN
FIXED TRIANGULAR HANDLE
FOREARM PAD
OPERATOR-RELEASABLE STRAP

AVAILABLE OPTIONS

1000+ LUMEN LIGHT
CARRY BAG

MADE IN THE USA | SINCE 1998 | 10-YEAR LIMITED WARRANTY
